The Edward N. & Della L. Thome Memorial Foundation
Awards Program in Alzheimer's Disease Drug Discovery Research

Invited Full Proposal Guidelines — Grant Cycle 2024

To promote and enable diversity in biomedical research, the Thome Memorial Foundation is committed to awarding researchers of all backgrounds, including racial/ethnic groups that are underrepresented in science. The National Science Foundation and the National Institutes of Health have listed that individuals from the following groups are underrepresented in science: Blacks or African Americans, Hispanics or Latinos, American Indians or Alaskan Natives, Native Hawaiians, and other Pacific Islanders. Applicants that identify as a member of these groups are encouraged to apply. In addition, applicants are encouraged to speak to their commitment to diversity, equity, and inclusion within the application. Please see the University of California, Irvine site for helpful guidance: https://ap.uci.edu/faculty/guidance/ieactivities/

Consistent with current NIH policies[3]

Instructions for Full Proposal

The application process requires completion of an Online Application and upload of a PDF and an Excel document

SECTION I: Online Application
